

I had been **praying** for a place to call **home**.

The **joy** and **happiness** I felt when I moved into a fully furnished home is **indescribable**."

PARTNERS IN HOUSING

PIH: Partners in Housing

With a shortfall of affordable housing in our community, there's a real need to supply permanent housing for families who are homeless. For \$8,500, Family Promise-PIH program is restoring manufactured homes so they become affordable places where families can be proud to live.

Once a family settles into their new home and becomes self-sufficient, they receive the title to their home. This opportunity takes a family out of homelessness into homeownership in as little as nine months.

There's nothing like seeing the joy on a child's face when they move into a home and realize they won't have to change schools and make new friends again. Home ownership gives parents peace of mind knowing their children will grow up in a stable, safe and healthy home.

PIH Stats

Since starting this affordable housing solution in 2009, Family Promise has provided over **100 homes to families!**

Over 90% of families have **received the title to their home** becoming **homeowners!**

Average lot rent for a PIH home is \$450 making this a **sustainable and affordable** housing option for our families

How to help families like mine

There are so many ways for you, your family, your congregation and your organization to help families through Family Promise - PIH program.

We depend on the generosity of volunteers and donors to keep our ministry alive. Whatever way you can help, big or small, makes a difference in the lives of the children and parents we help.
