ENDING HOMELESSNESS... ONE FAMILY AT A TIME

How important are tools
in a new home?
Very important!

Many of our families have to start from scratch when they move into their new home. This recipe calls for items that families can use to make quick fixes in their home. These are just a few tools that would be a great part of a toolbox for our families. Families need to be able to hang pictures and decorations on the walls to really make their house a home!
