ENDING HOMELESSNESS... ONE FAMILY AT A TIME

Dear [Insert Name Here],

Over the last several years, I have shared with you that *children are the new face of homelessness*. By October of this year, we had already served over **1,000 children**. Providing children with safe emergency shelter, basic needs, and a place to call home is the most important thing we can do. **One-Thousand children...**that is over 50 classrooms full of students!

The names you see below are just a snip-it of the kids we have served this year and who you have helped through volunteering, donation drives and financial gifts. **Thank you** for all you have done for them!

It's hard to imagine these sweet faces without a place to call home, a warm bed or food to eat, but you can help! **Please consider a year-end gift** to help the children yet to reach our door, the hundreds yet to find shelter. This gift will provide children a safe place to be as we celebrate this joyous holiday season!

Many Blessings,

Cheryl Schuch
